If you wish to no longer receive mailings from our organization please call us at 270-826-2326 and we will remove your name.

St. Anthony's Hospice

Celebrating THE JOURNEY
St. Anthony's Hospice Quarterly Newsletter

Summer 2010 Volume 28, Issue 2

RACE TO *Remember*

On the bright morning of Saturday, May 15th, 345 runners and walkers gathered in downtown Henderson on the grounds of Methodist Hospital and the Lucy Smith King Care Center to participate in the first Pat McCormick St. Anthony's Hospice 10K/2.5 Fun Run. In addition to the participants, over 70 volunteers committed their time and talent to help make the race happen, while hundreds gathered to support this inaugural event. St. Anthony's Hospice is blessed to reside in communities that over the years have continued to pour out their generosity so families may continue to be served. Overall based on the positive feedback this event will continue next year so mark you calendar...May 14, 2011 the journey continues...

"I had so much fun volunteering, I can't wait to come back next year"

- Betsy Chapman

"I am so thrilled with how successful the race was for hospice! Everyone I talked to thought everything went well and they enjoyed it. Couldn't have asked for better weather! If I don't make it to the luncheon, please tell those involved in planning and presenting the race how grateful we are for their hard work. Pat would have been very proud!"

- Heather

"Very nice job, particularly for an inaugural event!! Made me very proud to be from Henderson."

- Danny Wooton

"You did a nice job with the race. What a great turnout! I saw that I finished 2nd in my division (36-40 FEMALE) do I get a trophy or something. lol

My running buddies are burning up my email with jokes"

- Shannon Coughlin

"Wow, what a professional event"

- Matt Hunsaker

"You guys had a great event and we are more than thrilled to return next year and put our name on such a fine race"

- Tim Roman of Evansville Runners Club

11TH ANNUAL *Golf Scramble*

FRIDAY, AUGUST 13, 2010, 9:00 AM

ST. ANTHONY'S HOSPICE...SEEKING TO MAXIMIZE THE *dignity* OF LIFE

Mark Chumbler, Executive Director

In a recent newsletter this column centered upon St. Anthony's partnership with the community. As a result of this partnership, our bold mission statement goes on to read that St. Anthony's Hospice seeks to maximize the quality and dignity of life for individuals facing life-limiting illnesses.

The incredible nurses, aides, social workers, chaplains, and volunteers of this organization embody this mission every day. One poignant example occurred in recent weeks at the Lucy Smith King Care Center. A gentleman arrived early on a bright spring afternoon after transferring from the hospital where he had spent the previous week of his tired and pain-filled life. Upon admission, the Care Center nurse asked him what could be done for him, and he said all he wanted was to spend time outside. Upon assisting him to a specialized transport chair, the nurse accompanied the gentleman, some of his family, and his most cherished friends to the balcony patio of the Care Center. Upon relaxing for an entire spring afternoon on the patio furniture and looking to the blue colored heavens, this gentleman acknowledged that the end of his life would be okay. His weariness had ended. His best friend later conveyed that this gentleman thanked St. Anthony's for the dignity afforded to him in these last days.

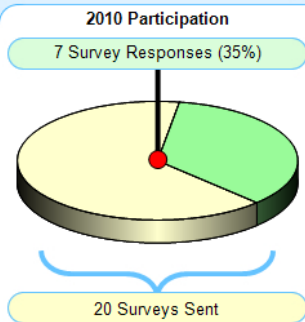

This story is reflective of the hundreds of other St. Anthony's stories that are experienced each year in Northwest Kentucky. We sincerely thank the community for allowing us to share these rich stories within your families. We hold dear this belief; it is a blessing as life draws to an end not to be the object of a medical treatment but to treat life as you desire. May it continue to be for all of us.

NOTES FROM THE *Volunteer* COORDINATOR

Megan Mortis

As school was coming to a close at Henderson County High School, we were fortunate to have a group of high school agriculture students spend time outside the classroom working on the St. Anthony's Hospice garden. The project began a few months ago when a group of hospice employees toured another hospice in the state, and learned about a cutting garden program. A cutting garden program involves volunteers planting, maintaining, and cutting flowers from the garden to take to hospice patients. The next step involved contacting Clay Wells, Agriculture Teacher, at the high school and the project began. The students spent several days on the garden and the end result is wonderful. The class plans on expanding the garden even more next year.

A special thanks to Mary Sue Barron and Petals & More; For the past several months, Mary Sue has been donating flowers from her shop for the patients at the Lucy Smith King Care Center. The patients have enjoyed vases full of roses, lilies, and sunflowers. We appreciate Mary Sue's generosity.

Volunteers continue to provide a variety of services for St. Anthony's Hospice including respite care, phone coverage for the weekends at the Lucy Smith King Care Center, providing food for families, music care, assisting with special events, sending cards to patients and families, prayer shawl ministry, and assisting with administrative tasks. Thank you for your kindness, dedication, and positive attitudes.

For more information on volunteering with St. Anthony's Hospice visit us on Facebook

Thoughts FROM BOARD PRESIDENT

As part of our St. Anthony's Hospice board meetings, members are given the most recent information on finances, census, compliance matters, and so on. In the May session, the report that caught my attention centered on the growth in number of families served by our hospice. The average number of patients served daily in 2005 was 34; in 2010 SAH cares for 68 individuals on a daily basis. Further, this doubling of patients served has been both incremental—that is, increasing each year--and sustained.

The growth did not happen by chance. It is the result of planning that counts as most important the compassionate care given by the hospice staff and volunteers. SAH's strategic plan includes goals to strengthen relationships with physicians, nursing homes, pharmacists, and communities. The plan calls for efficiencies in technology, patient documentation, staff training, and in spending. There is in place a quality assurance improvement plan that calls for care-givers to document important patient and family matters. The staff uses the satisfaction surveys that are returned from bereaved families in reinforcing current practices or in improving others.

Some of the growth came from in-patient care. A large amount of planning went into the development of the Lucy Smith-King Care Center. Following that plan, the staff is now carefully directing our resources, both the financial and the human ones, in moving toward full occupancy of the ten beds on the hospice wing of Methodist Hospital.

We are fortunate to have the services of an active, growing hospice in our tri-county area. We are blessed with a staff that is at once visionary and committed to daily excellence. We can be assured that every patient and every family is tenderly cared for as they Celebrate the Journey of life.

Bill Loney
